The construction of many of these lines has resulted in the dramatic decline of short haul flights and automotive traffic between connected cities, such as the London—Paris—Brussels corridor, Madrid—Barcelona, Milan—Rome—Naples, as well as many other major lines. Unlike any other reference volume, this book gives a sweeping overview of the making of the contemporary world by mapping out at a glance what was happening simultaneously, from the dawn of history to the present day. I want to feel the current.
