Grim reality of 1917 the Russian revolution spearheaded by Lenin and Stalin is brought to life in colourised images

And therein lies the weakness of the bourgeoisie all over the world. He waved his index finger or his fist and prodded me in the stomach, calling me Mikola. It shows Nikolai Antipov left , Joseph Stalin, Sergei Kirov right , and Nikolai Shvernik far right.

Grim reality of 1917 the Russian revolution spearheaded by Lenin and Stalin is brought to life in colourised images

At the time, Lenin was the revered architect and elder statesman of the Bolshevik revolution, while Stalin was an ambitious rising party leader.

Lenin vs Stalin: Their Showdown Over the Birth of the USSR

Scores and indeed hundreds of times in the course of the centuries the labouring people have striven to throw off the oppressors from their backs and to become the masters of their own destiny. During his three decades in power, the Soviet Premier commanded not just the party leadership, but also the hearts and minds of the Russian public.

Joseph Stalin

Este libro se enfoca solo en los primeros de este proceso pero quizás los más importantes: desde la Revolución hasta el inicio de la dictadura burocrática de Stalin que convirtió a Rusia en una economía industrializada a costa de millones de campesinos y obreros, oficiales y soldados, que como carbón fueron arrojados a las calderas de una carrera de Rusia contra un Occidente al que Stalin temía. There was a clash not only of political vision and statecraft, but of personal insults and grudges. The workers and peasants could not have vanquished the capitalists and landlords without such an alliance.

Joseph Stalin

As rumors swarmed about who held court in his chain of command, in the winter of 1953, Stalin turned his attention toward the Soviet Jews in a campaign that foreshadowed a new wave of purges and party upheaval that had the potential to shake the foundations of the Soviet Union and its leadership.
