devalued as mere 'noise,' articulates a complex understanding of the border clashes that characterise Jamaican society. The idea of the Jamaican sound â| The cost of having your own record player or radio was also overcome by the systems putting their speakers in the street for all to hear the music.

### Retirement Celebration for Professor Carolyn Cooper

In this provocative study of dancehall culture, Cooper offers a sympathetic account of the philosophy of a wide range of dancehall DJs: Shabba Ranks, Lady Saw, Ninjaman, Capleton, Buju Banton, Anthony B and Apache Indian. ## **Dancehall**

By the late 1980âs, cassettes of popular sound systems like Stone Love, for example, could be found in every corner of the globe. U početku Dancehall je bio jedna verzija muzike, ali nakon što je digitalizacija postala sveprisutna, mijenjajući u potpunosti zvuk, ubrzo Dancehall ili regga odlikuju isključivo brzi ritmovi, dodavanje vokala i gotovih zvukova. Ovakva je situacija na Dancehall sceni i danas, ali srećom postoji i veliki broj izuzetaka, pjevača i DJ-eva koji u svojim pjesmama propagiraju rasnu i socijalnu jednakost i poštovanje, vraćajući se tako originalnom duhu reggae muzike.
