Planning & Zoning

How do I get a building permit? Permits are Required for: Any new construction, remodeling or addition that modifies the roof, foundation, any bearing walls, doors or windows of a building or structure. The project must be completed in one 1 year from the date of issuance.

Building Construction Information

The State of Washington requires all cities and counties to enforce an assortment of construction-related codes, all of which are intended to establish a minimum standard of safety, health, efficiency and accessibility throughout the state. Any Structure - Defined as any building or appurtenance, including but not limited to: dwellings, decks, patios, garages attached and detached , gazebos, houses, play houses, tree houses and sidewalks that are wider than four feet. If you are in the city limits of Alexandria, or within two miles of the city limits, you will also need to meet the permitting and building code enforcement requirements.

Land Services

. A land use permit may be extended by yearly intervals in instances where reasonable diligent construction could not complete the proposed structure. This division reviews all rezonings, conditional use permits, subdivisions and site plans, This Division provides staff support to the Board of County Commissioners, Planning Commission many other departments regarding development applications.

Planning & Zoning

Please check with our office with any additional questions or to determine if your project requires a permit. Please contact the City of Alexandria at 320 763-6678 to see if this applies to you.

Building Construction Information

What We Do - The mission of the Community Development Department is to support the community by promoting quality development now and in the future. A land use permit issued under the terms of this ordinance subpart 4 shall be valid for one 1 year from the date of issuance. Subpart 5 of the ordinance Permitting procedures are relatively similar for all projects.

Land Use & Development Ordinance

No such time extension shall be granted if occupancy is planned before completion of the structure unless a County approved sewage treatment system is installed and operating. The Building Division administers and enforces the International Building Code, Washington State Building Code, the fire and life and safety codes. To obtain a permit online or apply in person at Douglas County Land and Resource Management.

Douglas County

Before you start the permit process. If you have any questions, call us or stop in. .
