David synthesized  $\psi$ -isocytidine Chu C.

## Nucleosides, nucleotides and their biological applications

We worked together and extended the dialdehyde-nitromethane reactions to other nucleosides. We synthesized many nucleosides and tested them in-house by Dr. We believed that we were the first ones to invent this pyrimidine to pyrimidine transformation.

## Nucleosides, nucleotides and their biological applications

Probably due to 6-azacytidine, Dr.
