## Africa Timeline

The had major affects on Cyprus and after the Ottomans had left, Cyprus continued to create a Greek culture they wished to be a part of. Recognized by Portugal in 1825.

## History of the Gambia

DEMOCRATIC REPUBLIC OF THE CONGO — June 30.

## How the Lowly Mosquito Helped America Win Independence

The slave trade stimulated investment, which helped European merchant marines grow and provided profits to jump start capitalistic enterprises in France, England, and New England. Still, Africans became a substantial section of Brazilian population, and long before the end of slavery in 1888, they began to merge with the European Brazilian population through interracial marriage. James Armistead Lafayette, the Double Agent Marquis de Lafayette and his assistant James Armistead.

## A Brief History of Ghana Since Independence

It is believed that local peoples at that time had begun to become more settled, and to use pottery to store and cook indigenous grains including pearl millet.
