For example, most people think of a house as an asset.

Rich Dad, Poor Dad: What the Rich Teach Their Kids about Money

To view it, I really enjoyed this book as it is very eye-opening and taught me a lot of knowledge in the financial sector, such as challenging people to think that their house is not an asset as the house deducts value from you, and from this example, you can clearly see that money is an emotional thing and more emotions decreases your financial logic. He gives you that vibe.
