If desired, all 60 points may be AAMA CEUs. Take steps to help prevent food poisoning, and show others how to keep food safe.

**Food Service Safety and Sanitation**

These have been written within a literature review and research paper, and I have shared my own views regarding diagnosis within the critical review. The findings highlighted the reluctance of GPs to use psychiatric diagnosis, and how increased support from other services would assist them in their role. The mean food allergy knowledge score of CNPs was 31.
