## Ethics in Youth Sports

Accountability — Coaches and athletes must live up to their own highest personal standard of sportsmanship, even when their opponents may not.

## Sportsmanship...and why it matters

Sociologists have also raised questions about privacy rights being violated by mandatory drug testing and about the meagre resources being provided for the rehabilitation of drug offenders. Nike and a number of other manufacturers have been accused of economically exploiting women and children in developing nations so-called labour while at the same time campaigns asserting that their products empower young women. Success in these encounters depended on several factors, among them the identification and recruitment of human resources including coaches and trainers as well as athletes , in coaching and training, advances in sports psychology, and—not surprisingly—the expenditure of a significant portion of the to support these systems.

Both established and outsider groups used and continue to use sports to represent, maintain, and challenge identities. In that case, especially if threatened with withdrawal of funds, the program has to decide whether the money is more important than participants' anonymity, or what level of anonymity is sufficient.

## Ethics in Youth Sports

The camera pans to old footage of a State game where number 68, playing courageously with no face mask, is leading a sweep into the end zone —of course. These theses have been defended in interesting and persuasive ways by some contemporary thinkers. On the other hand, sports also have contributed to liberal nationalist political struggles.

## Sports

Sport participation is justified by its intrinsic value. Community programs need to be clear about their own ethical standards, and to hold individuals to them and to any other standards their professions demand.

## **Ethical Issues in Sports**

The General Assembly documents include nice words and a general approach based on education.

### **Social Class and Sports**

These are all success and survival skills, and they are all the direct benefits of teaching good sportsmanship. They did not feel the code was breached, they did not feel like imposing sanctions. One thought that has emerged from the follow up discussions was that Fair Play violations are often similar to Anti Doping violations.
