## Digital Competence Framework and Learning in Digital Wales

Schools should belong to at least one other group in addition to their cluster, for the purpose of developing a shared understanding of progression. More information on each of these main participants is detailed below.

## Digital Competence Framework and Learning in Digital Wales

In doing so, they should take into account the diverse needs of individual learners. To ensure the information can be easily understood by its intended audience, it should be concise and jargon-free. The Digital Competence Framework DCF is the first element of the new curriculum for Wales to be made available.
