I grew up reading Whitney Balliett's pieces in The New Yorker and in anthologies.

**Collected Works: A Journal of Jazz 1954**

But then, I started writing profiles of musicians — I have written a hundred of them — and I unavoidably got to know certain musicians.

**Collected works : a journal of jazz, 1954**

It's great to have what's been included between book covers now, and hopefully what's missing gets published in book form some day, too.

**Collected works : a journal of jazz, 1954**

He has published two other summary volumes, American Musicians II 1996 and American Singers 1990. Covers with minimal wear but please note shelf wear to the corners, especially the top left of the back cover; spine without creases.

To what extent have your views changed? Is ecumenical taste a valuable thing for a critic? His monumental 'journal' of jazz captures, with never a trace of sentimentality or indulgence, the evolution of the music since the mid 1950s in some of its finest performances, at small clubs and large festivals alike. I think you waste time by battling and sending out sharp opinions and dumping on people.
