**32nd IBIMA Conference**

This focus includes areas such as biostatistics, epidemiology, health education and promotion, health policy and administration, environmental health, public health nutrition, sexual and reproductive health, and occupational health and safety. During this dynamic phase of program development, we are seeking a candidate to assist in the creation of a variety of printed and web-based resources and outreach materials to promote this program to growers, retailers, and consumers including plant tags, posters, infographics, and a brochure.
