The complex not only contains the Step Pyramid which can be seen from afar, it contains many buildings which are contiguous with the walls that surround the Step Pyramid. For example, hardly anyone would say that, during the 1960s, the Irish took control of the United States, even though John Kennedy, who was of Irish decent with an obvious Irish name became president.

Egypt: Teti, First Ruler of the Sixth Dynasty

One need only think in terms of the , the wealth of gold and the grand temples to gain some understanding of their power.
