of end

Without one, employees have to save, download, and upload documents to the intranet — and because this process is cumbersome, systems are notoriously outdated. And it means the practice can quickly get information out to clients. What gets done on an intranet? Then, collect approved brand assets like brand colors, logos, and images depending on your organization's branding requirements.

Benefits & Advantages of an Intranet

Less flexibility compared to Web CMS systems over the presentation and management of content. Intranet Use Cases Idaho Lottery For MyHub customer , internal communications was the driving force behind the intranet. Intranet teams and the organizations they support realize the value of inclusiveness, collaboration, and consolidation.

Intelligent intranet roadmap

Via SharePoint, employees collaborate on Office documents and share those documents with people outside of the organization.
