Or rather, it is presumptuous.

## Jigoku

Well, the respectful language should be used toward older people, toward a distinguished person, and in the workplace. The stories are thus suffused with longing for a Japan that has been all but erased by the incursions of modernity. And it is all the more striking that some of the most conspicuous exceptions to the pattern should involve descriptions of violence directed against Westerners.

## Baka

This question is with Robun from the very beginning of his account, where he takes up, after his own fashion, the sort of issues concerning gender, nature, and nurture that have long divided behavioral scientists: The difference in sex between males and females, and the fact of there being a distinction between their qualities, is a device of the creator. Emails generated from our mail system will also have an UNSUBSCRIBE button that you can use to instantly update your preferences. With nothing left to live for, he announces, he has searched out the detective to make a gloating confession before taking his own life.

Tanimura presumably effects his transformation into Inomata to disguise his old identity; but in doing so, he takes on—almost, under the logic of this story, as a matter of course—a new, artificially assumed identity as a quasi-Westerner, or as an Asian-Western hybrid. After reproducing the initial subscription list for the society indicating—in yen—the amounts that each character in the novel has contributed, he explains that the first thing the newly formed society did was to put together a pamphlet describing its aims. Thanks to his newfound wealth, Awashi can now marry Matsuko.

### **passphrases/japanese**

When the detective questions her, Kinuyo has to admit that she never had a good look at the man in her dark bedroom that night and that, moreover, he seemed more tight-lipped than her husband usually was. Page size: It is our ideal that articles should be as concise as possible. To the second category belong the following stock situations, characteristic gestures, and bits of business: 1.
