Leo Strauss (Stanford Encyclopedia of Philosophy)

Lomax, Chicago: University of Chicago Press. In this case, for simple self-protection and safety, philosophers need to speak enigmatically.

On the Catholic Appreciation of Leo Strauss

The character, intensity, and quantity of interest in 2000 and after are thus very different from the earlier interest shown in Strauss's alleged influence on politics in America, as well as being much more puzzling. Yet for Strauss the serious argument with which revelation challenges philosophy is not epistemological but moral. What is honest is to claim to know nothing.

At issue, then, is the proper starting point for future constructive Jewish thought. Strauss's approach to Plato, denying the progressive character of Platonic thought, is one such roadblock.

Leo Strauss: Works 1939

Schmitt would state that no one had understood him as Strauss had, and Strauss would later claim that reading Schmitt changed his own orientation toward the question of the relation between philosophy and politics.
