Foreign end product means an end product other than a domestic end product. The journey first involved a long trip north up the Australian east coast to Townsville, somewhat south of Cairns.

Hydrographic & Ordnance Survey

The conversation was then directed to the scope of the enterprise and to practical considerations of how to contact leading individuals in a wide range of international organizations 138 G L A C I O L O G Y , T H E A R C T I C , A N D T H E U S M I L I T A R Y , 1 9 4 5 — 5 8 in order to enlist their support. These measures may be addressed in a system security plan. Due to the low tolerance for delay in such applications, the highest real-time accuracy is needed, which requires making full use of the global geodetic infrastructure.

Hydrographic & Ordnance Survey

The terrestrial geomorphometric literature provides a rich I. The high accuracy of the climate environment covered the Tyvjobekken Stream catchment obtained model permitted precise identification of the geometry of located in the NW part of the Wedel-Jarlsberg Land, in the the main slope and valley floor landforms, as well as the Bellsund Region of Spitsbergen Fig.

MC & G :mapping

The following year, the USN launched Operation Windmill and this time helicopters were deployed for the purpose of transporting surveyors

around the Antarctic landscape in an attempt to establish ground control with reference to the aerial photography.
