## Human Rights, the Laws of War, and Reciprocity, Law & Ethics of Human Rights

If we rank the different forms of sovereign violence on any normative scale other than that of physical destruction and death, we become complicit in that violence. Biological Weapons: From the Invention of State-Sponsored Programs to Contemporary Bioterrorism. State Organized Terror: The Case of Violent Internal Repression.

Terrorism: A Very Short Introduction. But you can't ignore the rules in this war and then hope to count on them in the next war.

**Mark Osiel: The End of Reciprocity: Terror, Torture and the Law of War**

Torture, Terror, and Trade-Offs: Philosophy for the Whitehouse. And there are separate treaties—the Convention Against Torture that I mentioned, the International Covenant on Civil and Political Rights—that say that—forget the war; even if there is no war, even if there are no Geneva Conventions, you still can't torture and you still can't use cruel, inhuman, or degrading treatment.

## Law of war

The laws of war are governed by a regime of reciprocity, which can produce self-enforcing patterns of behavior, whereas the human rights regime attempts to produce public goods and is thus subject to collective action problems. When the Nicaraguans took the United States to the ICJ, the United States simply walked away.
