## Databases for Research & Education

One area where ecotourism may prove to have positive benefits is in Kenya and Tanzania. Global developments in technology, media and communications have helped to break down the barriers not just between high and low culture, but also between reality and fiction. When the seed if of the required quality, the potential benefits including yields, pests, disease and drought tolerance; as well as enhanced incomes can be high.

## Heritage and history Archives

The fort entrance is reached by walking up the hill, going in a jeep, or taking a lurching elephant ride. Freshly made buffers and reagents should be used at all times.
