During the Reconstruction Booker was still a youth. He was born a slave on a plantation in Franklin County, Virginia.

**Booker T. Washington. Up From Slavery: An Autobiography**

Washington, the most recognized national leader, orator and educator, emerged from slavery in the deep south, to work for the betterment of African Americans in the post Reconstruction period. How I used to envy this man! In order to defend and protect the women and children who were left on the plantations when the white males went to war, the slaves would have laid down their lives. I got the cue to Mr.

No race that has anything to contribute to the markets of the world is long in any degree ostracized. He describes some of the families he met and who worked in the cotton fields. Everything that I possessed was in a small hand satchel.

**Up from Slavery: An Autobiography**

One certainly feels that a man or woman can accomplish great things if they are willing to work hard and put up with the dirt and hardships that come with the job. For both races, this produces a character and personality that seeks to escape work. Of my father I know even less than of my mother.

I had been directed by the authorities at Hampton to stop at a certain hotel in Washington with my charge, but when I went to this hotel the clerk stated that he would be glad to receive the Indian into the house, but said that he could not accommodate me. I am not quite sure of the exact place or exact date of my birth, but at any rate I suspect I must have been born somewhere and at some time. His fascinating perspective on the lies and limitations of the American dream and the inherent racism in a society that denies its non-White citizens the opportunity to dream, gives extraordinary insight into the most urgent issues of our own time.

In a few hours the great questions with which the Anglo-Saxon race had been grappling for centuries had been thrown upon these people to be solved. All of this was left to the slaves. Tuskegee is also seen to be set in a rural area, where agriculture was the main form of employment, and so the institute's later incarnation as an industrial school that was fit for teaching its students skills for the locale is justified.
