### The Night She Died (Inspector Thanet #1) by Dorothy Simpson

This novel - although it was first published in the nineteen eighties has stood the test of time well and will be read and enjoyed by twenty first century readers. On her wedding night, Evie leaps to her death from a cliff, leaving husband, Richard, and best friend, Rebecca to figure out why.

### The Night She Died

On her own wedding night, beautiful and complicated Evie White leaps off a cliff to her death. Rebecca knows more we initially sense and then realise she knows much more, but why did she conspire with Evie to fake her death and why has something has gone tragically wrong. I felt like I was on edge all the way through it.

### localize-img.justmote.me: The Night She Died eBook: Simpson, Dorothy: Kindle Store

That's always a good thing when reading a book; because I was SO wrong, The Night I Died is well worthy of the 5 stars I have awarded it. Teague, it seems, had designs on Lara, too. I enjoyed it but not as much as I had hoped, I didn't particularly like the narrative swapping about so much although I do appreciate that it was marked with the names of the characters.

### Death of Marilyn Monroe: Killing the Legend

I would like to thank NetGalley and Headline for my e-copy in exchange for an honest review. A true friendship, or so they both think, it is, however, a flawed one and one where there are just too many secrets.

### The Night She Died

### Death of Marilyn Monroe: Killing the Legend

His relationship with his daughter is very heartwarming.

### **The Night She Died by Jennifer Patrick**

As so many of the conspiracy theories are absurd, many simple questions about the fatal night of August 31st have never been asked. Jennifer Patrick is a great storyteller who has put a new twist on the typical murder mystery. I devoured this book, not literally, and I was constantly looking forward to my next fix of reading it.
