Most of the Kurtzen population was concentrated in the on the continent of , and after Human colonization, the uninhabited eastern continent of was reserved for Kurtzen settlement once their numbers warranted it. Scholars theorized that this philosophy of channeling invisible forces grew to prominence when the Kurtzen population first entered a period of population decline.

Daniel C. Kurtzer

The following episode, the next-to-last in the series, has an openly gay guest character: a psychiatrist who befriends Sidney after the latter talks him out of suicide.
