### Guide to Saint Peter's Basilica

It seems that this particular choice of decor for the plinths was dictated by one of Pope Urban VIII nieces, who experienced a very difficult pregnancy. Though impressive medieval keeps can be found all over France, the northwest quarter is particularly rich.

### Rome

Peroni, are certainly among the most convincing allegorical figures of all the funeral monuments in the Basilica.

### History of Saint Peter's Baldachin

Check out the above-ground 12th-century basilica, then go underground to see the secret 4th-century rooms, originally the dungeons of an ancient Pagan temple.

### Santa Maria Antiqua

Following a guide, explore a labyrinth of hidden churches, temples, tombs and narrow streets 50 feet 15 meters below the modern-day street level. We have roughly sketched out what was by the will of Constantine the new architectural setting for the tomb of Peter. Explore the accessible part of its endless labyrinth of underground burial chambers laid out on 4 levels.

### History of Saint Peter's Baldachin

They departed from the earlier model only by making the new structure slightly narrower and inserting piers halfway down the nave. The hill, later on, was chosen by various emperors and aristocratic families for their palaces, the ruins of which are seen on the hill. At least when 1 Corinthians was written, the people they were following were apostles or approved by apostles Apollos.

## **The Palace of the Popes in Avignon**

But this can only be a start.

## **Clement of Rome**

What to do there: The classic after work drink in Rome is known as the Aperol Spritz, but you should also try the strawberry flavored wine Fragolino.
