Yin and Yang

The most important lessons I gained from training are the fundamentals of dedication, hard work, strength, honor, respect and courtesy.

Chinese Pinyin Lyrics: Zen Yang

To me it is a process of filling my heart, body, mind and spirit with purifying thoughts through various forms of meditation and movement. In my time there I have learned life skills I will keep forever in my mind and body.

Chinese Pinyin Lyrics: Zen Yang

He will help you understand the basics, and give you a better understanding of how you can go about helping other people learn about Qi Gong . Hence, whatever has a front also has a back, night is followed by day, etc.

Joseph Zeng (曾舜晞)

All of these will help me in my pursuit of success in my acting career and personal life. In Medical Chi Gong, health is represented as a balance of yin and yang. By attending classes I have completed the development of a new perspective on life and the way I move throughout it.

Zen yang cha zhao yi xue wen xian = Zenyang chazhao yixue wenxian

I was looking for someone who could help instruct me a little bit more in depth in the world of Qi Gong and how it works, not just the movement and the breathing.
