Hans Christian Andersen: Fairy Tales Imagery

What's left after finishing this collection is a memory of beautifully described nature, of quirky characters all struggling with being in whatever form they are being, and the joy of reading these fairy tales aloud to someone else, commenting on these weird tales as we went on and on and on.

The Complete Fairy Tales by Hans Christian Andersen

In this story, Andersen contrasts public view versus private life, of how the upper class views the lower class.

The Classic Treasury of Hans Christian Andersen: Margaret Clark: 9780762413935

. This superb collection of thirteen Andersen tales includes The Princess and the Pea, Thumbelina, The Emperor's New Clothes, The Little Mermaid, The Ugly Duckling, and The Snow Queen. The works of Hans Andersen became known throughout the world.

Best Hans Christian Andersen Movies

The image of the Little Match Girl, shuddering with cold while staring into the windows of those whose tables were laden with New Year's feasts is absolutely haunting. These classic fairy tales are retold in lyrical prose and full-color art-works, which will captivate even the youngest reader. While the cursory reader of Andersen knows that this is not the ending, a deeper reading reveals, if not a happy ending, perhaps a slightly hopeful one as well as a few details about the prince.
