## Queen Victoria: The woman who redefined Britain's monarchy

The Queen sensed that her family and household would come down heavily on Karim after her death and she wanted to provide for him

## Was this Britain's first black queen?

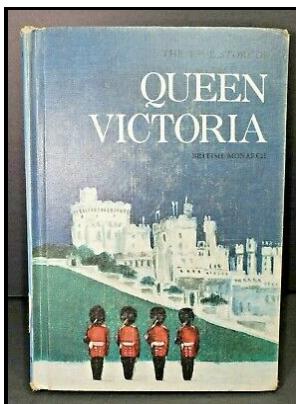

You'd expect they would have a field day if she was. In 1863, Prince Albert Edward married Princess Alexandra of Denmark, and together they had six children. At birth, Victoria was fifth in the line of succession after the four eldest sons of George III: the Prince Regent later George IV ; ; later William IV ; and Victoria's father, Edward, Duke of Kent.

## The True Story of Victoria and Abdul

He ruled the country with energy and enthusiasm, and he quickly became a popular king. She also shaped a new role for the Royal Family, reconnecting it with the public through civic duties.

Queen Victoria's children

Victoria was deeply in love with Albert and, once they were married, she claimed to be truly happy for the first time in her life. While Karim already enjoyed homes at the royal residences of Windsor, Balmoral and Osborne, Victoria also secured a land grant for him back in Agra.
