manager at Westwood, said in Energy Voice that the company predicts only five exploration wells will be drilled in 2020, one less than in 2018. Individuals should consider whether they can afford the risks associated to trading.

Oil and Gas Authority: UK Continental Shelf (UKCS) Oilfields

The shutdown was originally planned for June this year, but Ineos warned in April it would delay the work until spring 2021, following mounting pressure from customers in the wake of the pandemic.

DNO to decommission up to 21 wells offshore UK

Shell is thought to be the only company targeting net resources in excess of 100 mmboe, due to its involvement in five wells. Aker BP completed its dual-purpose exploration and appraisal programme targeting the Upper Jurassic Hanz discovery and testing the 3-22 mmboe Slengfjehögda prospect on August 26. Rystad Energy projects UK oil and gas production to rise over the years and peak at 2.

DNO to decommission up to 21 wells offshore UK

A breakdown of significant offshore discoveries, in date order - updated October 2018 Stratigraphy and lithology data The following data has been provided by licence operators to the OGA and is released four years in arrears. In September, Alyson Harding, technical

operations on three legs. North Sea Wellesley is continuing operations at its exploration programme targeting a Jurassic aged westerly extension of the Grosbeak discovery. The plan involves closing the pipeline, which carries about 450,000 barrels per day of oil from about 80 fields, forcing operators whose facilities rely on the pipeline for exports also to shut in production.

Gloomy year projected for North Sea amid record

DNO North Sea ROGB Ltd. While businesses typically report higher levels of optimism about their international activities, the latest results mark the lowest recorded levels of confidence in global markets in the history of this survey, the longest running report of its kind in the UK. Its third founder, Peter Livanos, is the chairman of the international group Ceres Shipping and a member of one of Europe's oldest shipping dynasties.
