Rehistoricizing Romantic Ideology: New Perspectives on Class and Gender Conflict, 1730

The burial customs in Savannah included the ringing of bells, a funeral sermon, and a volley of musketry, but learning that these ceremonies were not obligatory the Moravians declined the offer of the citizens to so honor their Brother, and laid him to rest in the Savannah cemetery with a simple service of hymns and prayer.

Enthusiasm

It is impossible to communicate meaninglessness or formlessness, as deconstructionists readily recognize; meaning reconstitutes itself faster than any deconstructor can trace out its dispersal. Wagner, a Swiss gentleman who had recently arrived, and rented one of the Moravian cabins temporarily, and this was the beginning of a considerable degree of activity. Dressed in plaids and equipped with broad-swords, targets, and firearms, the Scotch soldiers presented quite a unique and novel appearance on this remote belt of the savage wilder ness, separated by 3,000 miles of water from the familiar highlands which now smiled upon them only in the sad retrospect of the past.

It is said that Voltaire, when challenged to produce a character as perfect as that of Jesus Christ, at once mentioned Fletcher of Madeley; and if the comparison between the God-man and any child of Adam were in any case admissible, it would be difficult to find one with whom it could be instituted with less appearance of blasphemy than this excellent man. CHHANDA SEN GUPTA , who has helped me in preparing the index. After Job was stripped of everything he still worshiped God; and thus it is made plain as noonday that there is in the religion of God our Savior power to produce unselfish obedience and disinterested service in men.

Toeltschig, Gottlieb Demuth, John Boehner and others were sick at various times, and David Jag cut his foot so severely that he was unable to use it for four months. Another man had high fever, and no friends, and him also the Moravians took, and cared for, the Trustee's agent furnishing food and medicine for the sick, but offering no recompense for the care they received.

Enthusiasm.

However, I must go on as shall enable me. John Wesley decided to change places for a time with his brother; and Charles seems to have been much happier in Savannah. Cowper was, perhaps, not likely to welcome very warmly any successor to his beloved Newton.
