Canada's Regional Development Agencies

A growth center reacting to the situation in the growth pole causes investment in the center such as the creation of suitable infrastructure or educational facilities.

Canada's Regional Development Agencies

Science and Technology Enterprise, p.

Regional divergence is more than an economic dilemma—it's a civil rights issue

If interindustry linkages are deemphasized in growth pole theory other processes must be stressed like impacts of rising employment and improving wage levels generated by an expanding industry which may serve as stimuli for growth in other industries.

Assessing Growth pole theory

For regions, DoD funding often implies near-to-market engineering, computer science, and material research that local firms can utilize to meet defense and civilian needs. Stolper as The Economics of Location, New Haven: Yale University Press, 1954.

Regional innovation system research trends: toward knowledge management and entrepreneurial ecosystems

This model shows the key importance of innovative branches for formation of territorial growth poles but also the meaning of the required presence of other development factors in a given territory.
