

# International Conference on Mathematical Modelling - January 29-31, 2001

Tata McGraw-Hill Pub. Co. Ltd. - Forum for Interdisciplinary Mathematics (FIM)

Description: Contributed papers presented at the conference, held at University of Roorkee.

- Steinberg, Saul.

Mathematical models -- Congresses. International Conference on

Mathematical Modelling - January 29-31, 2001

- International Conference on Mathematical Modelling - January 29-31, 2001

Notes: Includes bibliographical references.

This edition was published in 2001

Filesize: 42.13 MB

**Dr. Shigui Ruan's Homepage**

African Journal of Biochemistry Research. Probabilities for the occurrences of medium to large earthquakes in northeast India and adjoining region.

**Meir Shillor**

This monograph deals with mathematical and numerical analysis of recent models for contact processes that may include adhesion or material damage. Pressure Vessel and Piping, vol. SERIES: Universitext CALL NUMBER: QA 247.

**Conference Schedule**

Assessment in context for mathematical modelling. Earthquake generation Process and forecast in Himalayas and vicinity.

**Conferences/Workshops**

He also has directed 27 Ph. An analysis of the students' abilities and their mistakes lead to more insight concerning the concept of modelling competencies.

**Journal of Physics: Conference Series, 2019**

Why earthquake may become a disaster for Man? The objective of the conference is to bring together academics and scholars from around the world to review in detail, debate, and evaluate the most significant developments in the field of statistics.

**Meir Shillor**

Tectonophysics Special Volume ,390 1-4 , 129-140. The monograph presents recent models and mathematical analysis of quasistatic contact

problems. The Federico Santa María Technical University in Valparaíso, Chile, will be hosting the 9th international conference on Computational Methods and Function Theory CMFT 2021 to be held January 10-14, 2022.

**Department of Earthquake Engineering, Indian Institute of Technology Roorkee**

Local Site Effect and Microzonation in Assessing and Managing Earthquake Risk. PUBLISHER: New York : Springer, c2001.
