## 'The Story of Parliament': Pitt and Fox

The ill-grace with which he accepted the Coalition should have been a warning to Fox that their tenure of office was on a very insecure footing. Fox claimed that France was England's natural enemy and that it was only at Britain's expense that she could grow. Yet under all these various disadvantages his countenance was mild and pleasing.

## History of the Early Part of the Reign of James the Second First Edition

It was then applied to Scottish Presbyterian rebels who were against the King's order in Scotland. A History of the Early Part of the Reign of James the Second; With an Introductory Chapter. Although he returned to the government afterwards, the King forced him out again in 1774.

## 'The Story of Parliament': Pitt and Fox

William saw that the Tories were generally friendlier to royal authority than the Whigs and he employed both groups in his government.

## History of the Early Part of the Reign of James the Second First Edition

The Whigs claimed that trade with France was bad for England and developed an economic theory of overbalance, that is a deficit of trade with France was bad because it would enrich France at England's expense. When it met in October 1680, an Exclusion Bill was introduced and passed in the Commons without major resistance, but was rejected in the Lords.

## Charles James Fox

Such was the view even of men who admired Fox greatly and wished to act with him in politics.
