**Heatblur A**

The cockpit fits nice and tight in the fuselage, though, as do the front landing gear bay and main fuselage spar. In response, the Naval Avionics Lab launched a substantial and lengthy program to improve both the reliability and performance of the A-6's avionics suite.

## 26 A

A small photoetched-metal fret is included, as is cast-metal landing gear.

## Grumman A

A2F-1 First production variant with fixed tailpipe, 484 built, redesignated A-6A in 1962.
