### Nasal Prongs Seal: NeoSeal®

It is intended for use on pediatric neonates, infants and children patients. SBA Compliance Because a large percentage of our client base is funded in some way by the Small Business Administration, OutreachSystems is no stranger to EDMIS, the SBA's Entrepreneurial Development Management Information System.

### Outreach Systems

Step 4 Replace NeoSeal daily or per hospital protocol, whichever is sooner.

### Neoteleosteii

Step 3 Place cannula per hospital protocol. It's not even funny enough to be satirical. INDICATIONS FOR USE The NeoSeal is intended to create a seal around the nares and protect the skin of the septum and nares.

### NEOS Protect

Appealing to emotions rather than facts, pseudoscience conspiracy for the most gullible and least educated. The core feature of EDMISrx is its export module which generates the quarterly EDMIS upload file, but it also has many other bells and whistles to ensure a healthy, EDMIS-compliant database.

### Nasal Prongs Seal: NeoSeal®

Zoological Journal of the Linnean Society.

### NEOS Protect

I pray God saves and delivers them both. Designed for efficiency and precision. Neoteleosteii The Neoteleosteii include the or lizardfish.

## **Outreach Systems**

Replace immediately if soiled or wet. The result of all this hard work is a fully EDMIS-compliant component called EDMISrx.

## **Outreach Systems**

Live testing has shown neoBLUE LEDs can emit high-intensity phototherapy for over 50,000 hours. Discontinue immediately if skin irritation occurs. Light-emitting diodes: a novel light source for phototherapy.
