A gender balance has been achieved in enrolment and in undergraduate and some graduate degree programs.

Gender Issues on U.S. College Campuses for Women

Researchers in general have had difficulty getting reliable results on transgender rates in the adolescent population, but they are estimated at 1 percent.

Campus Sexual Violence: Statistics

Sharon Gmelch probes sexism, racism, and homophobia. We often promote our favorite Community posts on the main site.

Gender equity on college campuses

More, however, still needs to be done. Colleges and national organizations are offering training for mental health professionals to better help students who are transgender.

Campus Sexual Violence: Statistics

These are still pressing issues on university campuses despite their being largely invisible and in many cases silenced, or rationalized. In such settings, women often face sexualization by their male colleagues. Non-binary in this survey means students are either transgender or their current gender is not consistent with how they were assigned at birth.
