Voting System, Sample of Research papers

The election scenario discussed in the previous section is an example of an anonymized profile assuming that each ranking not displayed in the table is assigned the number 0. One suggestion Beerbohm 2012 is that citizens have a duty to vote to avoid complicity with injustice.

Lesson Plan: To Vote or Not to Vote

Ample empirical research has shown that the mean, median, and modal levels of basic political knowledge let alone social scientific knowledge among citizens is extremely low Somin 2013; Caplan 2007; Delli Carpini and Keeter 1996.

Math in Society

In comparison with today, the 1940s was a time when more people voted and more people expressed strong attachments to one or another political party. The text is designed so that most chapters are independent, allowing the instructor to choose a selection of topics to be covered.
