The item may be a factory second or a new, unused item with defects or irregularities. However, no English dictionary included such words, for fear of possible prosecution under British obscenity laws, until after the conclusion of the in 1960. The language of Anglo-India was fading when Yule and Burnell compiled their lively and discursive compendium, but it remains today to remind us of the remarkable and often problematic interaction between the British imperialists and the general Indian populace before Partition.
