15 Strategies for Quickly Expanding Your Business

Have you thought about growing a small business? Some of these marginal businesses have developed enough economic viability to ultimately be sold, usually at a slight loss. Paul Hawken—entrepreneur and bestselling author—wrote *Growing a Business* for those who set out to make their dream a reality. Customers who have already purchased from you once are more likely to do so again, especially if they have a positive customer service experience.

The challenges of growing a business

The principles are the work of our vice president, Lew Richmond.

45 Business Growth Quotes for Inspiration

Spurred by something missing in the world, the entrepreneur begins to think about and envision a product or service, or a change in an existing product or service. Think HomePod or the iPod.

How to Make Your Small Business a Large Business

It seems most common in large corporations whose sizable market share, buying power, and financial resources keep them viable until there is a major change in the environment. There are other books that are guides, and some of them are good. As the business becomes more complex, you also need to develop your time management skills and learn to focus on what's really important.

45 Business Growth Quotes for Inspiration

You may also want to consider raising financing against trade debts.

The Difference Between Growing a Business and Growing a Brand

You need to be fully committed to your strategy, even if it takes you out of your comfort zone. At the same time, the owner must spend less time

doing and more time managing. Not a bad book, it'll get you thinking about your business.

The challenges of growing a business

The author has walked the talk by running two businesses. Today, here are some different marketing strategies that have proven their worth through the history and success of small businesses.
