Otherwise it will not only lead to confusion but also wastage of time.

**Wiley CPA Exam: How to Master Simulations (with CD ROM)**

Ray Whittington, well-known author and professor, uses his extensive experience to prepare candidates to master the simulations on the CPA Exam. All the sections are now 4 hours long and you can typically portion your time in accordance with the weight of each piece. This is true not only for the simulations but also the multiple choice questions.

**BEC Exam for CPA**

There are bite-sized lessons on various exam topics in convenient sessions that allow you to master the material in as little as 30-45 minutes and

then move on to the next topic. I can't figure out how to go straight to a topic's assignment that I want to practice. This tightly focused guide is like no other, concentrating only on the simulation questions in the CPA Exam.
