## New Findings Change the Theories of Human Origins

Cambridge: Cambridge University Press, 2002. Overtime, hieroglyphics would develop into a cursive like language known as Hieratic Script. Wilkinson argues that the first kings of the Nile Valley some 6,000 years ago were not, in fact, produced by the local culture in the Delta but by interlopers from the desert between the Nile and the Red Sea -- which is not actually a new idea, either.

## Genesis of the Pharaohs book by Toby Wilkinson

The UNSTATED premise of this rigid paradigm was that ancient Egypt was not a black African creation. Throughout its time, Ancient Egypt was governed by over three hundred rulers, who later became known as.
