. With a broader spectrum of threat we should reasonably expect a greater and more diverse need for defense resources.

**Handbook of Defense Economics: Defense in a Globalized World**

Advances in the study of arms races have also been empirical and theoretical in nature; thus, Chapters 28 J. There is also a growing concern over civil wars, insurrections, transnational terrorism, and rogue nations.

**Handbook of Defense Economics**

Events which generations ago would have provoked swift military response — including reprisal — do so no longer.
