The Renewable City

Modern cities thrive on petroleum. The state of standards, regulations, and rating systems.

Conjoint Professor Peter Droege / Staff Profile / The University of Newcastle, Australia

Kyoto: neither far enough nor fast enough.

City and Local Renewable Energy Policies and Initiatives

How might this precarious global condition be turned around? Chapter 1 In the hothouse, beyond the peak: the logic of the urban energy revolution.

Keynote speakers

Bio-energy farms and forests: biomass, biofuel, biogas.

Conferences Smart and Sustainable Planning for Cities and Regions 2015

Trees, parks, urban wilds and agriculture. The global urban explosion: the end? He developed the National and NSW Urban Design Chapters of the Planning Institute of Australia, and served as inaugural president for both chapters. He is a Chair of the World Council for Renewable Energy, for Asia Pacific, and directs Epolis, a Sydney-based consultancy active in sustainable urban change worldwide.
