The accumulation of weeds and overgrown brush creates health and safety hazards and increases the likelihood of pests and rodents in the area.

## Policy Responses to COVID19

Again, I think it will be applicable to their tasting room—the things that they can do to extend having a glass of wine outside the perimeter of their winery. Visitors should use the same parking lot as the Juvenile Court. Then you raised, I think, one of the biggest points—and I think MPP Shaw raised it earlier too, and MPP Hunter—which is: How do you deal with the safety issue? Old, worn classics should be replaced with new hardback or bright, attractive paperback editions.

## Committee Transcript 2020

Following the meeting of the presidents of two countries in January 2021, a working group has been set up with objective of resuming the land trade by end-May 2021. Review of the Drainage Study for this site concludes that the underlying soil condition will not allow water to percolate due to the amount of rock under the site. Working to reschedule tours with confirmed media.

## Full text of ED386195: The CREW Method: Expanded Guidelines for Collection Evaluation and Weeding for Small and Medium

The Library's approach to integrated data processing is through the bibliographic apparatus.

## Policy Responses to COVID19

Older editions may still be useful to historians, but should be housed separately since most patrons will not check the copyright date, assuming that

the library has provided the most current information. However, there are several common objections to rigorous weeding often heard from librarians not comfortable with the task. This assumption oversimplifies or ignores the many important questions related to catalog usage and bibliographic control.

**Ranky, about Paul G. Ranky... web resume of Paul G Ranky...**

However, there are special circumstances where EMS may be requested to provide assistance in the surrounding parishes. . We have to move to the independents now.
