Marian Anderson

He told me that in the slave countries, Carolina and other places, I must not intermix with the slaves, and I would frequently have to sleep in his carriage, and he would allow me my victuals and clothes. It was refused to be accepted of by his son Moses.

Rising Above

After I was done with the brick-yard I went to days' work, but did not forget to serve my dear Lord. I found the people very humane and kind in Pennsylvania.

Books and CDs

Such suffering and turbulence makes her letter-perfect on-screen portrayals even more astounding. Edna fought a long, hard, uphill battle to give women their place in aviation, and to know her was to be inspired.

Inspired Life

This has been frequently done, notwithstanding in the first rise and progress in Delaware State, and elsewhere, the coloured people were their greatest support; for there were but few of us free; but the slaves would toil in their little patches many a night until midnight to raise their little truck and sell to get something to support them more than what their masters gave them, but we used often to divide our little support among the white preachers of the Gospel.

Biography & Autobiography

This was attended to by Absalom Jones and William Gray; and in order that the distressed might know where to apply, the mayor advertised the public that upon application to them they would be supplied. The property remained Anderson's home for almost 50 years.
