equal-arm brooches, and saucer brooches similar to those of their Continental homelands, as well as disk brooches.

Anglo saxon jewelry

Fantastic Viking bronze cross pendant, formed as a series of four loops in cruciform arrangement, with beaded detailing. Waterways and canal-building in medieval England.

Langar in Anglo

Dating to the tenth and eleventh centuries it is found from Chester to Hereford, covering most of Mercia. This enabled people from much, much earlier times and up to the Viking period to dig clay for pottery without having to go too deep.

Anglo

The archaeologists found neolithic flints and pottery from Roman, Anglo-Saxon and medieval times. Light earthen deposits, a little darker than photo. A manuscript image of a potters wheel The pots were used for a variety of purposes, some for storage, some for cooking and some for eating and drinking from.

Pottery Identification

Field walking The discovery confirmed what was found in November 1979 when archaeologists and volunteers walked across the large field west of Langar Hall. Article by Ben Levick 1993, Rolland Williamson 2002 Illustrations by Colin Levick. A gorgeous and huge amulet in the form of a Viking battle axe! Two rivet holes, wide space between where the leather strap would have been.
