## A text

It provides an introduction to mineralogy, petrology, and geochemistry, discussing the principles of mineralogy, including crystallography, chemical bonding, and physical properties, and the genesis of minerals in a didactic and understandable way. Since 2004 he has been a full professor at the University of Würzburg, Bavaria, where he holds the Chair in Geodynamics and Geomaterials Research. He was a full professor at the Technical University of Braunschweig from 1972 to 1982, and at the University of Würzburg from 1982 until his retirement in 2000.

## Mineralogy

His main research interests range from economic geology, metamorphic petrology, Precambrian palaeoclimate and palaeogeography, to sedimentary geochemistry and the role of early life in metallogenesis. .

## Mineralogy

Hartwig Frimmel, born in 1960 in Linz, Austria, received his PhD in Geology and Petrology from the University of Vienna in 1987. Since then he has continued to work on research projects in metamorphic and igneous petrology.

## A text

Martin Okrusch was born in 1934 in Guben, Germany, and studied Geosciences at the Free University of Berlin and the University of Würzburg, Bavaria.

## Mineralogy

He is a former president of the Society for Geology Applied to Mineral Deposits SGA and advisor at the national and European level on matters concerning mineral deposits. He is an honorary research associate at the University of Cape Town, South Africa, where he rose from lecturer to associate professor between 1989 and 2004.
