I think his application of real-life situations involving family and marriage issues could be relatable to both young adult and adult readers because of his easy writing style. Raymond Carver urges us to keep at it, not to quit, no matter how much the odds are stacked against us. Later, when investigation was made, it was found that the leakage in the gas pipe had led to the outbreak of the devastating fire.

### Fires by Raymond Carver: a reminder why writing matters

Both books have that intimate feel of the storyteller sitting behind the desk telling you anything you want to know about themselves. His stories offer what, for those acquainted with Carver's works already know is the usual Carver magic, some Hemingway meets Joyce, Bukowski drops by and Faulkner waves from a nearby window and it all ends halfway, frozen somehow, whisky in glasses on the table, cigarettes smoldering in perpetuity.
