

Banking on part-time labour - management strategy and the growth of part-time labour : a case study of Bank Co.

De Montfort University, Leicester Business School - Regional Roundtable for Sustainable Finance in Africa and Middle East

FIGURE 11 Key actions to consider in the business segments	
Business segments	Strategic and operational priorities to consider in 2021
Retail banking	<ul style="list-style-type: none"> • Transforming retail banking to move from current and new services, or consider what to build out and new revenue opportunities • Optimize structural cost transformation initiatives within the businesses to enhance efficiencies across the value chain • Revisit the optimal channel mix to elevate customer engagement • Rapidly identify, validate, and identify at-risk customers and help them move, whether through early warning systems or direct • Develop non-banking platforms to engage consumers across the full range of their financial needs
Payments	<ul style="list-style-type: none"> • Continue to leverage alternative data and deploy advanced AI technologies to bolster risk management • Accelerate the shift to contactless and digital payments and payment solutions to support physical product sales • Help merchants build digital capabilities and create omnichannel experiences to meet customer expectations • Help modernize the payments infrastructure to enable faster, secure, and more efficient payments and reduce costs for consumers and businesses alike • Advance financial inclusion programs and provide simpler and more accessible payment options for the underbanked, unbanked, and gig workers
Wealth management	<ul style="list-style-type: none"> • Accelerate the shift from a product-centric model to one more focused on customers' financial realities and advice; strengthen client-facing technology to manage the information flow and engender trust • Broaden financial products and services to support the aging population • Revisit controls, inventory, and digitize them for a remote environment; prepare for increased regulatory requirements, including reporting requirements and securely handle personally identifiable information • Explore virtual centralization and other flexible operating models to share resources across teams and markets

Regional Roundtable for Sustainable Finance in Africa and Middle East

With inflation having eroded real wage gains since then, wage pressure might revive if inflation continues to increase as slack diminishes. This can be considered as a typical case in most respects. Jeff Borland Well, I guess the answer is we are.

Climbing the jobs ladder slower: Young people in a weak labour market

This phase lasted around four months and involved more than 20 meetings, during which the possibility of concentrating refrigerator production at the Susegana plant, with the consequent closure of the Scandicci plant, was analysed in depth. You will gain an understanding of the evolution of monetary and banking economic theory and the seminal controversies since Hume and Bagehot along with the ability to apply monetary theory to public policy in a domestic and international context. This case was not typical, however, in that the government made an offer of an early retirement scheme on the condition that it had to be taken up by at least 1,000 employees, or the enterprise would be declared bankrupt.

The alternative workforce: Now it's mainstream

Jeff Borland That's right Catherine, there has been from May to June — just to give some background from March to May, we saw about a 10. It is a market with weak labour demand and competition for jobs seems to be driving things now.

Labour and the global financial crisis

This box complements the main text by considering two issues that can help shape the choice of unwinding strategies, ie the end-point, in particular the balance sheet's target size and composition, and views about the impact of balance sheet adjustments on financial conditions.

Regional Roundtable for Sustainable Finance in Africa and Middle East

Dalia is surely an addition to the powerful youth of today and is surely expected to make a difference wherever she contributes her knowledge and expertise. Advance warning and consultation In the period following the bankruptcy of the parent company, production was stopped for only four days and no dismissals occurred at that time.

ERM case studies: Good practice in company restructuring

The Ministry of Employment submitted a conciliation proposal that was only accepted by three of the five trade unions, but which was nevertheless sent for approval to the European Commission. Many companies have one or more employee relations representatives, people who work in the human resources department to ensure that company policies are followed fairly and consistently.
