## Review of electromagnetic induction for mapping barrier island framework geology

Farm Security Administration, United States. Corey Cusack, Neurobiology Identifying a New Mechanism Underlying Neurodegeneration Neurodegeneration is a key pathology of debilitating diseases such as Alzheimer's disease and involves the irreversible loss of neurons and their vital connections.

## Review of electromagnetic induction for mapping barrier island framework geology

For most of the river crossing the change in water surface upstream was less than 1 foot, and often less than a half foot for the Matthew-scale event. The greatest changes involve decreases to the 10th, 25th, 50th, and 75th percentiles and the least amount of change is associated with 90th percentile flows.

## Review of electromagnetic induction for mapping barrier island framework geology

John Paul's project involved outreach to 13 middle and high schools located near the Tar and Neuse rivers on how to monitor water quality.
