A geological excursion guide to the Moine geology of the northern Highlands of Scotland by Strachan, R. A. (Robin A.)

She is currently Director of the South Australian Museum, Adelaide, Australia. The geology of Saskatchewan can be divided into two main geological regions, the and the. The authors provide an overview of the geology of East Sutherland and Caithness together with guides to geological excursions.

Geology of Saskatchewan

Their origin is linked to a hot spot or plume that causes anomalously hot mantle material to intrude the African plate.

Victorian geology excursion guide / editors, Ian Clark, Barry Cook, G.C. Cochrane (technical editor)

Digitized online by Google books reprint, illustrated ed. Readership: Professional geologists, amateur geologists, undergraduate students. The book describes the varied rocks and structures that occur within the largely metasediments of the Moine Supergroup of the northern and central highlands of Scotland.

Field excursion guides

Professional geologists will find the book invaluable as will the enthusiastic amateur and the undergraduate student.

A Geological Excursion Guide to the Stirling and Perth Area

On a GeoWorld Travel geology holiday the landscape is explained in an accessible way and while the rocks, volcanoes, fossils and glaciers are the star attractions of the trips, there will also be stunning scenery accompanied by incredible wildlife and fascinating human stories. Authors: John D Hudson, Angus D Miller and Ann Allwright ISBN: 978 0 904440 16 4 Eigg is a small island, but it displays a remarkable variety of geology in a beautiful setting, in a way that is readily appreciated by those without any special knowledge of geology.

9781780460208: An Excursion Guide to the Geology of the Canary Islands (Classic Geology in Europe)

As this new smaller continent was smaller than , it had some surface area under water level, including area designated as the Phanerozoic basin. The igneous rocks of the Ochil and Campsie hills are also included, and there are building stone excursions in Perth and Stirling.
