### Sanjusangen

Now you could admire in the entire building, numerous remains and drawings connect to this story. The twenty-eight images placed in a straight line in front of the 1001 Kannon statues are guardian deities that protect the Buddhist deity Kannon as well as pious Buddhists who believe in Kannon.

### 三十三間堂 (Sanjūsangen)

His hair was black, but when the head was washed, he was revealed as the white-haired old warrior Saitō Sanemori, then aged 72, who had dyed his hair to appear younger. It is likely that some of the former imperial residences were still in existence in 1184, but most of the action during the battle took place not within Fukuhara itself of which the probable location has been identified by modern archaeology but some distance to the west at the place called Ichinotani.

### Beautiful landscapes of mountainous region in winter

In this arrangement, is said to represent the , whereas represents the , those being the two complementary that all should cultivate. Several of the battles described here have an element of surprise built in, and there were no doubt very good military reasons for such an approach.

### Walk

Not a bad place to spend some time, and I think Antonio and I could easily pass our 3 hour layover when we return. A national treasure, the temple was built in 1164 but was lost in a fire. Obuse spotlights its speciality, the chestnut cooked in several ways pastries, ice creams, and a wide range of other delicious recipes.
